SUMMARY

Conclusion & Recommendations

Key Findings

FU Corp Command Center demonstrates strong performance across all key metrics. Revenue growth of 8.5% month-over-month, a healthy client portfolio with 5 out of 8 clients in excellent standing, and a skilled workforce with an average performance score of 90% position the company well for continued growth.

Strengths

- Consistent revenue growth trajectory (+45% over 6 months)
- High-performing team (90% average score)
- Diversified service offerings
- Strong SEO & Content revenue stream

Areas for Improvement

- 2 at-risk clients requiring attention
- 1 churning client (Canuck Consulting)
- High workload on PPC team (92%)
- Lost deal with Mexican Retail

Recommendations

PRIORITY ACTIONS

1. Schedule retention calls with Nordic Retail AB and São Paulo Startups within 48 hours
2. Initiate emergency recovery plan for Canuck Consulting
3. Assign senior developer to Tokyo Tech Ventures deal immediately
4. Redistribute tasks from Fatima Hassan to prevent burnout

Thank you for your continued partnership
